An efficient method for determining a value is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do this by creating a sales page for the new e book, however don't embody a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with different prices on each page. Ensure your gross sales copy is precisely the same on each web page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum value is.

Ultimately, should you've written a e-book that solves a drawback or presents a new approach, your book will usher in both visitors and profits. So make sure to write that selling-handle sentence that sums up what drawback your e-book solves and what the advantages of your 1001 e-book shall be to the customers who buy it.
