This sentence states what question or downside your guide answers and the benefits your book can provide. Then you'll want to use that sentence in each piece of gross sales and promotional material, and every time anyone asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of different strategies

that may make it easier to promote extra books.

One is to present one thing away free of charge with your ebook, similar to a beneficial bonus item. Or bundle a number of ebooks below one value, which lowers the value for each e book if they were bought separately.

An effective approach for determining a value is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion in terms of price. Do this by making a gross sales web page for the new e-book, but don't embody a value on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with completely different prices on every page. Be certain your sales copy is precisely the identical on every web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum value is.

In the end, if you've written a e book that solves a downside or presents a new method, your book will usher in both site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your guide solves and what the advantages of your 1067 book will likely be to the customers who purchase it.
