In addition to selling your books assiduously online, there are several different methods that can enable you promote more books.

One is to provide one thing away without spending a dime with your e book, akin to a helpful bonus item. Or bundle several ebooks below one worth, which lowers the worth for every ebook in the event that they had been sold separately.

An efficient method for determining a value is to send out a survey to your current customers. If these clients have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new book, but do not embrace a price on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by making a variety of duplicate sales pages with totally different costs on every page. Make certain your sales copy is precisely the same on every web page,

and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum value is.

In the end, if you happen to've written a e-book that solves a problem or presents a brand new technique, your ebook will usher in both site visitors and profits.
