One other technique is to test out prices by creating a number of duplicate gross sales pages with totally different prices on every page. Be certain your gross sales copy is exactly the similar on

each web page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

Ultimately, in case you've written a ebook that solves a problem or presents a brand new approach, your guide will bring in each traffic and profits.
