Do this by creating a sales web page for the new book, however don't include a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by creating a variety of duplicate sales pages with different prices on every page. Be sure that your gross sales copy is exactly the similar on every

page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum price is.
