Determine if your purpose is to get huge distribution and maximum exposure. This objective is aimed toward drawing customers to your corporation or service, or to establishing the credibility of your reputation. If this is your important objective, you need to purpose to keep your price on the low side. Some authors have even priced their ebooks at a revenue loss to attract a high number of new customers. The secret's to find a price that maximizes your profits and the number of books you sell.

This is a superb pricing technique if you are trying to acquire long-term customers. Lengthy-time period prospects are extremely probably to purchase from you once more and again ? as long as the first book they buy is of exceptional quality and beneficial to the customer.

Nonetheless, in case your e book incorporates useful ? and extra importantly NEW data, references, or methods ? then it's best to aim to price it on the high end.

After you determine your objective, you have to figure out what your audience's need is in your ebook. For example, does your book clear up a specific problem? If you wish to see large profits over customer draw, purpose for an audience that's looking for straightforward solutions to their problems at a low price. If your guide is aimed toward solving one particular downside rather than normal advice, then you can cost more. Begin at the highest worth the market will bear to usher in the largest profits, and plan to discount the guide a number of instances all through the year.

An effective method for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion by way of price. Do this by making a sales page for the brand new e book, but don't embody a value on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is exactly the same on every page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum price is.

Finally, if you happen to've written a guide that solves a drawback or presents a new method, your book will usher in both site visitors and profits.
