Then be sure you use that sentence in each piece of sales and promotional material, and each time anybody asks you about your ebook.

Besides selling your books assiduously on-line, there are a number of different methods that may help you promote more books.

One is to present something away without cost with your guide, equivalent to a worthwhile bonus item. Or bundle a number of ebooks beneath one worth, which lowers the price for every book in the event that they had been offered separately.

An effective method for determining a worth is to ship out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion by way of price. Do that by creating a sales web page for the brand new ebook, but don't embrace a value on that page. As a substitute, add a number of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with different prices on each page. Make sure your gross sales copy is strictly the same on every page, and includes your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum price is.

Finally, in case you've written a e-book that solves a problem or presents a new technique, your guide will usher in both site visitors and profits. So make sure to write that promoting-handle sentence that sums up what problem your guide solves and what the benefits of your 2727 ebook shall be to the customers who purchase it. And then watch your market come to you!
