An efficient approach for determining a value is to ship out a survey to your present customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do

that by making a sales page for the brand new guide, but do not include a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Be sure your sales copy is strictly the same on every web page, and contains your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum price is.

In the end, in case you've written a ebook that solves a downside or presents a brand new technique, your book will bring in both site visitors and profits.
