One is to give something away for free with your guide, similar to a beneficial bonus item. Or bundle several ebooks below one price, which lowers the price for every book if they were sold separately.

An efficient approach for determining a value is to send out a survey to your present customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do this by creating a gross sales page for the brand new guide, however do not embrace a value on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with completely different costs on every page. Be certain that your sales copy is exactly the similar on

every page, and contains your selling-deal with sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum value is.

Finally, should you've written a book that solves a drawback or presents a new approach, your ebook will herald both visitors and profits. So be sure to write that selling-handle sentence that sums up what problem your ebook solves and what the benefits of your 444 e-book might be to the customers who buy it.
