Begin on the highest price the market will bear to herald the largest income, and plan to low cost the book a number of occasions throughout the year.

Advertising Strategies

An effective approach for determining a price is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the new e-book, however do not include a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with completely different prices on each page. Make sure your sales copy is precisely the same on every

web page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. This can inform you what your optimum price is.

In the end, if you've written a guide that solves a problem or presents a new technique, your ebook will usher in both visitors and profits. So you'll want to write that selling-handle sentence that sums up what downside your e book solves and what the advantages of your 597 e-book might be to the shoppers who purchase it.
