An effective approach for figuring out a price is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the brand new book, however do not embrace a value on that page. Be certain that your gross sales copy is precisely the identical on every page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum worth is.

Ultimately, should you've written a guide that solves a drawback or presents a brand new approach, your book will usher in each traffic and profits.
