Another strategy is to test out costs by creating a variety of duplicate sales pages with different prices on each page. Be sure your gross sales copy is precisely the similar on each page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

Finally, when you've written a guide that solves a problem or presents a brand new approach, your book will bring in both visitors and profits.
